

I can go hiking in the Big Thicket National Preserve.

Hiking is a fun way to get outside and see nature.

I will talk to a ranger about the trail.

I will go in the car to the hiking trailhead.

I will bring water and a snack for the hike.

I will wear sturdy shoes and a hat.

I will put on bug spray. If a bug lands on me, I can swat it away.

I will see cool plants. I can gently touch them and look at them through a magnifying glass.

**I may hear and see cool animals.
I will watch them from a distance.**

**I can take pictures. I can draw or
write in my journal.**

**I may get tired and need a break.
I can sit on a bench.**

**I will do a great job and feel proud
of myself.**
