Under certain conditions specified in the law, libraries and archives are authorized to furnish a reproduction if the document does not infringe the privacy rights of an individual, group, or corporation. These specified conditions of authorized use include:

- non-commercial and non-profit study, scholarship, or research, or teaching
- criticism, commentary, or news reporting
- as a NPS preservation or security copy
- as a research copy for deposit in another institution

Permission to publish, exhibit, perform, reproduce, prepare derivative works from, sell, or otherwise distribute the item must be obtained by the user separately in writing from the holder of the original copyright (or if the creator is dead from his/her heirs) as well as from any individual(s), groups, or corporations whose name, image, recorded words, or private information (e.g., employment information) may be reproduced in the source material. The holder of the original copyright isn't necessarily the National Park Service. The National Park Service is not legally liable for copyright, privacy, or publicity infringement when materials are wrongfully used after being provided to researchers for "fair use."

HISTORY

Records from Ted Sowers time at Chaco Canyon NM

Theodore Sowers was a seasonal ranger/historian at Chaco Canyon NM in 1941, custodian (superintendent) of Chaco Canyon NM from 1945-1946, and custodian of Great Sand Dunes NM from 1946-1950.

During the 1941 season, Sowers produced several photographic reports of the archaeological sites, including petroglyph panels and the effect of the fall of Threatening Rock in January 1941. The photographs in this collection are primarily from this year.

He published an article in "Southwestern Lore," Vol. 8 No. 2, Sept. 1942, entitled "The Petroglyphs of the Chaco Canyon area."

After working for the Wyoming Archaeological Survey in Laramie (1941-1945?), he arrived back in Chaco as custodian on January 4, 1945. His tenure lasted through November 12, 1946, when he and his wife Cecilia left for his new posting at Great Sand Dune NM. The journals in this collection document his daily work at Chaco. Sowers was obviously accustomed to keeping these NPS Field Technicians' Comment journals, because the Chaco entries are contained in Journal #9, which begins December 1, 1944, while Sowers was at Tumacacori NM, and ends in Journal #16, March 31, 1947, while Sowers was working at Great Sand Dune NM.

SERIES DESCRIPTIONS AND FILE UNITS

Collection/Series: 0052/001
Series Title: SERIES I: Reports

Accession: CHCU-00637 **Catalog Nbr:** CHCU 68341
Inclusive Dates: 1941-1986 **Bulk Dates:** 1941

History: Sowers produced his reports by typing captions and a small amount of text onto 3-hole-punched paper and pasting 2.5" x 4.5" prints onto the paper. The petroglyph report (#2) and the Threatening Rock report (#3) are accompanied by typed memoranda from Sowers to the superintendent of the park in 1986. The Petroglyph memo describes how Sowers did his survey and what portions of the canyon he surveyed. The Threatening Rock memo details its fall on January 22, 1940 [sic]. (It fell January 22, 1941). There are various accounts of the fall, including one in the Lister and Lister 1980 "Chaco Canyon: Archaeology and Archaeologists" book. They all differ in the small details.

Scope: Three reports from 1941 Report #1: Monuments of Chaco Canyon. 164 pp. Consists of photos of almost all the great houses of Chaco Canyon. 2 1/2 x 4 1/2" black and white photos were pasted, with what appears to be rubber cement, onto pages with a typed caption. One photo per page. In some cases the photos have come detached. Divided into 14 sections.

Report #2: The Rock Art of Chaco Canyon. 54 pp. Consists of 1) a 3-page dot matrix memo from Sowers to the Chaco superintendent regarding his report on the petroglyphs of the Chaco area. Dated March 31, 1986. Memo describes the survey of the north side of the canyon in 1941, from the northwestern boundary of Chaco Canyon National Monument. 2) Ink sketches of petroglyphs with black & white prints and typed captions. pp 4-54.

Report #3: Threatening Rock. 14 pp. Consists of 1) a 2-page dot-matrix printer memo from Sowers to the Chaco superintendent regarding his report on Threatening Rock at Pueblo Bonito. Dated March 31, 1986. Describes the fall of the rock in 1941. 2) Black & white prints on 3 hole-punched paper with typed captions of Threatening Rock post-fall. pp 3-14. Page 13 shows before and after photos of the east section of Pueblo Bonito taken from the same perspective.

Arrangement: An effort has been made to match images and negative numbers. The images that are numbered in the reports have either matching extra prints and/or a photocard and/or a safety negative and interpositive.

Report #1, Chaco Canyon and its Monuments, divided into 14 sections:

Section 1: Images of signage and artifacts on exhibit, including the groundstone on open display at Pueblo Bonito. Pp 1-18.

Section 3: Pueblo Alto. Called "Alto Grande". Photos of the site and walls. Pp 96-101.

Section 4: "Alto Chiquito" - New Alto. Photos of the site and walls. Pp 102-107.

History: The park or the Chaco Center originally received nitrate negatives from Ted Sowers. By the 1990s, these were stored in Santa Fe. During the 2002 reformatting process, Santa Fe cataloged the nitrates, prior to NEDCC making safety negatives and interpositives. The safety negatives and interpositives were transferred to the park and are part of this subseries. The original nitrates have been transferred to WACC for long-term storage or destruction.

Someone, presumably Sowers, divided the images into groups. The groups are (primarily) as follows: Group A: Pueblo Pintado; Group 1: Pueblo Bonito; Group 2: Petroglyphs (includes prints of El Morro inscriptions and Gran Quivira architecture); Group 3: Tsin Kletzin, Casa Rinconada; Group 4: Petroglyphs; Group 5: other greathouses in Chaco, Group 6: other greathouses, Group 7: Pueblo Bonito, Group 8: Pueblo Bonito, Group 9: Pueblo Bonito. Group 4 also includes images of personnel at Chaco Canyon in the 1940s. The nitrates (from Group A and Groups 3-9) were assigned park negative numbers by the Chaco Center, as were the photocards (all groups except Group 1). Group 1 exists only as 6.5" x 10" prints.

We have negatives for many, but not all, images contained in the 3 reports Sowers also donated to the park. An effort has been made to match images and negative numbers.

Scope: Prints, NPS Photocards, Safety Negatives, Interpositives Cross-referenced to images in the 3 reports (Subseries 001).

Arrangement: By format. Safety negatives are in the negative collection; interpositives in the IP collection; photocards are stored with the Historic Photo Collection; extra prints with the reports and journals. Negatives, interpositives, and photocards in negative # order. Extra prints in Sowers' number order.

Series Title: SUBSERIES I: Prints

Accession: CHCU-00637 **Catalog Nbr:** CHCU 68341
Inclusive Dates: 1941-1946

History: At some point in the 1980s, the Chaco Center assigned negative numbers to prints made either from the nitrate negatives or from prints in the 3 reports. As was usual, a variety of print types were made: small (up to 5x8") prints pasted onto NPS 10-30 photocard, extra 5x8" prints, 8x10" prints, and 10 x 6.5" prints. FOR MORE INFORMATION SEE HISTORY IN SERIES II DESCRIPTION.

Scope: NPS Photocards, extra prints, various sizes. Prints are primarily copies of prints from Sowers' reports. Also includes prints from other SW sites: El Morro, Gran Quivira, Montezuma Castle, and Hovenweep, and a series of images of unidentified human skulls. These images (51) have been lot cataloged and have not been assigned negative numbers.

Arrangement: Photocards arranged by negative #; extra prints arranged by Sowers' image numbers.
