

Habitat Information Organizer

Team: _____

Habitat: _____

Frog: _____

1. What nonliving things are found in this habitat?
2. What other animals are found in this habitat?
3. What plant and trees are found in this habitat?
4. How does the frog in your habitat help the environment?
5. When people throw trash into the environment, they pollute the area. How does pollution effect your habitat?
6. There's always a way that we can be the solution and beat pollution! What is something you can do to help?
