In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of Marsh-Billings-Rockefeller National Historical Park. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

36 CFR §1.5 - VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours, public use limits, and closures are established:

Visiting Hours: All park areas, not otherwise closed to public use, will be open to public use according to a schedule of visiting hours which *vary* seasonally, as follows:

- The park's carriage roads and trails are open daily from sunrise to sunset.
- The Carriage Barn Visitor Center is open from 10:00 AM to 5:00 PM Thursday through Monday during the visitor season. See www.nps.gov/mabi for open days and times. The visitor season is Memorial Day weekend through October 31 each year.
- Guided tours of the Marsh-Billings-Rockefeller Mansion are offered between 10:00 AM - 4:00 PM during the visitor season. Tour programs and schedules are posted at www.nps.gov/mabi.
- Administrative/Headquarters offices are open from 8:30 AM to 4:00 PM, Monday through Friday, year round. Administration offices are CLOSED on federal holidays.

These visiting hours were determined to be in the best interests of the park and are necessary for the proper management of the park.

Public Use Limits: All areas of the park, not otherwise closed to public use, will be open to public use with the following limits:

- Entry to the Mansion, Belvedere, and Bungalow is only permitted with staff or volunteer supervision. Public access is available via guided tours and open houses. Group size is limited to 12 people.
- All school groups consisting of fifteen or more students who are under the age of eighteen shall be accompanied by a minimum of one chaperone for every 15 students during the group visit. Chaperones must be a minimum of eighteen years of age.
- Disorderly persons or groups may be removed from the park and prevented from returning to the park on the day they are removed.
- Climbing over, under or around railings, gates, doors, stanchions, and lines, barricades or other physical barriers used to control public access is prohibited.
- Marking trees, benches or structures by inscribing with a sharp instrument or by drawing with ink or paint is prohibited. See also 36 CFR § 2.1 (a)(1)(ii).
- Touching objects in the Marsh-Billings-Rockefeller Mansion or any other historic building is prohibited.
- Persons and packages are subject to searches. Failure to allow an authorized person to perform a search will be cause for removal from the park.
- Visitors are prohibited from consuming food or drink inside any structure in the park except in accordance with the terms of a permit/authorization/reservation or an approved, park-sponsored event.

These public use limits are deemed necessary for the safety and security of park visitors and staff and the preservation of the parks natural, historic, and cultural resources. Space in the historic home is limited and contains original furnishings and museum collections. Visitor numbers are limited in order to preserve and protect the structure and its contents.

Closures:

- Any or all areas may be closed to public use, or a special use permit or authorization may be cancelled, at the discretion of the superintendent or his/her designee when an emergency or potentially hazardous condition exists. Potentially hazardous conditions may include, but are not limited to, severe weather events, forest management activities, and road maintenance.
- Additionally, the following areas of the park shall be closed to all public use. Access to any of the above areas is permitted only with the permission of the superintendent or his/her designee.
 - The park residential areas
 - The park maintenance areas
 - Administrative/Headquarters offices and non-public spaces in the Carriage Barn Visitor Center and Marsh-Billings-Rockefeller Mansion.
 - The carriage storage area and area beneath the Wood Barn

Visitor and staff safety are paramount. In the event of any unsafe conditions that may jeopardize the safety of people, park facilities may be closed if it is determined that specific course of action will mitigate the unsafe condition(s).

(a)(2) The following areas have been designated for a specific use or activity, under the conditions and/or restrictions as noted:

- Filming, still photography, and audio recording activity may require a permit, consistent with 54 U.S.C. 100905.
 - Filming, still photography, and audio recording activity that occurs in closed areas, requires exclusive use of a site or area, or involves a set or staging equipment other than handheld equipment (such as a tripod, monopod, and handheld lighting equipment)

requires a permit, unless the activity is affiliated with an activity or event that has been allowed under a written authorization, such as a special use permit.
 - Filming, still photography, and audio recording that involves more than eight individuals requires a permit, unless the NPS has specifically notified an individual or group that a permit is not required, or if the activity is affiliated with an activity or event that has been allowed under a written authorization, such as a special use permit.
 - If a permit is required for the reasons stated above, or if the NPS otherwise determines and then notifies an individual or group that a permit is required for a filming, still photography, or audio recording activity, then engaging in that activity without a permit is prohibited. Violating a term or condition of a permit issued by the NPS for a filming, still photography, or audio recording activity is prohibited, and may result in the suspension or revocation of the permit, in addition to any penalties that may apply under 36 CFR 1.3.

Federal law at 54 U.S.C. 100905 states that permits and fees are not required for filming, still photography, or audio recording in park areas if certain requirements are met. These requirements address various topics, including, but not limited to, group size, location, equipment, potential impacts to resources and visitors, and the likelihood that the NPS will incur related administrative costs. If any of these requirements are not met, the law allows the Secretary of the Interior, acting through the NPS, to require a permit for the subject activity. Permit requirements are imposed by the superintendent under discretionary authority provided by 36 CFR 1.5(a)(2), which allows the superintendent to impose conditions or restrictions on a use or activity, consistent with applicable legislation, to implement management responsibilities. The general regulations for permits in 36 CFR 1.6 do not apply to permits issued for filming, still photography, and audio recording, which instead are governed by the statutory provisions in 54 U.S.C. 100905. The imposition of permit requirements, on a case-by-case basis, for filming, still photography, or audio recording does

not require rulemaking under 36 CFR 1.5(b). Requiring a permit with reasonable terms and conditions in accordance with statutory requirements at 54 U.S.C. 100905 is not highly controversial, will not result in a significant alteration in the public use pattern of the System unit, will not adversely affect the System unit's natural, aesthetic, scenic or cultural values, or require a long-term or significant modification in the resource management objectives of the System unit, because the permit requirement is limited in time and scope to the specific activities authorized by the permit, which contain terms and conditions that protect the values, resources, and visitors of the System unit, and implements federal law.

Handicap parking areas have been designated behind the Mansion and at the Forest Center. An additional handicap drop-off area is available at the public entrance to the Carriage Barn Visitor Center. All other public parking is on the Billings Farm & Museum property as designated.

The Forest Center and Pony Shed have been designated for special uses that the Superintendent or his/her designee has permitted in advance. The Pony Pasture has been designated for special events that have been issued a Special Use Permit or other authorization from the superintendent or his/her designee.

The Woodstock Resort Corporation holds an easement on the carriage roads, ski trails, and Prosper Parking lot for the purposes of using these roads and trails for passive recreational activities consistent with the purposes of the legislation establishing Marsh-Billings-Rockefeller NHP. During winter, the Woodstock Resort Corporation has the exclusive right to manage these areas for passive winter activities (including cross-country skiing and snowshoeing), at their discretion, and may charge a fee for use per the conditions of the easement.

The designated area for First Amendment demonstrations is the lawn northeast of the main entrance road (Estate Road). See Appendix A map for more information. Groups of more than 25 people may use and demonstrate in this area when the superintendent has issued a permit. Demonstrations involving 25 persons or fewer may generally be held without a permit within designated park areas. Applications for permits should be submitted to the Permit Program Office, <https://www.nps.gov/mabi/planyourvisit/first-amendment-activities.htm> .

The following restrictions and/or conditions are in effect for the specific uses or activities noted:

The landing of fixed or rotary-winged aircraft, and/or hot air balloons except in emergencies involving public safety or serious property loss, is prohibited. See also 36 CFR § 2.17.

Launching, landing, or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries of Marsh-Billings-Rockefeller National Historical Park is prohibited except as approved in writing by the Superintendent. *This provision is inserted per Policy Memorandum 14-05 entitled Unmanned Aircraft – Interim Policy*

When exercising their easement rights, the Woodstock Resort Corporation may limit or exclude pedestrians and dogs from using trails groomed for skiing or snowshoeing during the winter months, at their discretion.

The use of motorized vehicles and/or bicycles on the carriage roads is prohibited, except for administrative use. *The Donative Deed transferring the property to the United States of America prohibits the non-administrative use of motorized vehicles.*

Swimming, wading, fishing, biking, camping, and fires are prohibited in the park. *The Donative Deed transferring the property to the United States of America prohibits the use of bicycling, swimming, hunting, fishing, camping, and campfires.*

The Pogue is closed to swimming, bathing, scuba diving, fishing and boating. *The Donative Deed transferring the property to the United States of America prohibits swimming. Additionally, boating is not appropriate in the Pogue because of its limited size, significance as a cultural resource, lack of appropriate access areas, and risk of introduction of aquatic invasives.*

Use of the lawn and gardens adjacent to the Carriage Barn Visitor Center and Marsh-Billings-Rockefeller Mansion is closed to recreational and sporting activities that potentially detract from the historic setting of the park, result in conflict among visitor use activities, or threaten natural or cultural resources. Passive recreational activities that do not hinder tours or visitor experiences (e.g. self-guided tours, nature observation and photography, plein air painting and sketching) are permitted.

The primary mission of the park is to interpret the life and achievements of three generations of American conservationists, which is accomplished in a museum setting. Activities that are incompatible with the operation of a museum are not permitted.

CCTV Policy Statement

In accordance with National Park Service Law Enforcement Reference Manual 9 (RM-9), notice is hereby given that Marsh-Billings-Rockefeller National Historical Park uses Closed Circuit Television (CCTV) security camera monitoring.

The park's use of Closed Circuit Television (CCTV) for law enforcement and security purposes will only be to visually monitor public park areas and public activities where no constitutionally protected reasonable expectation of privacy exists. Such CCTV use – which will have adequate privacy and First Amendment safeguards – will be to help ensure public safety and security; facilitate the detection, investigation, prevention, and deterrence of crime; help ensure the safety of citizens and officers; help assist in the proper allocation and deployment of public safety resources; and help facilitate the protection of the innocent and the apprehension and prosecution of criminals. (RM-9, 26.1)

This policy does not restrict the official use of CCTV in government administrative areas, including administrative buildings, jail holding facilities (RM-9, 26.3.7), revenue collection sites, etc., where the government may record/monitor its facilities. For example, the government may perform unrestricted video/audio recording at revenue collection points (entrance stations, visitor center counters, etc.). This policy does not restrict the use of an Audio/Visual Recording Device (AVRD) in patrol vehicles or officer-worn recording devices used by commissioned rangers. (RM-9, 26.1).

Operation of CCTV cameras, maintenance of recorded images and use of recorded images will be in accordance with NPS and Department policy and applicable laws and regulations. (RM-9, 26.1-26.4) No person will be targeted or monitored merely because of race, religion, gender, sex, disability, national origin, or political affiliation or views. (RM-9, 26.4.2)
