

*Follow Skyline Drive through the history of Shenandoah— fill in the blank in the boxes. Look for clues in the road signs!*

In **1935** Shenandoah National Park is established!

In **1926** came an \_\_\_\_\_ to create an Eastern Park in the Western tradition. This Park would serve as a large open wilderness area for people in the East, like Yosemite or Yellowstone in the West.

In **1931** ground was broken to start work on \_\_\_\_\_ Drive. A road that would follow the ridge line of the Blue Ridge Mountains.

In **1939** Skyline Drive is finally \_\_\_\_\_. It runs 105 miles through Shenandoah National Park. Starting in Front Royal and ending at Rockfish Gap. It takes about 4 hours to drive top to bottom!

In \_\_\_\_ Shenandoah will celebrate its 100th birthday!

**Today** Shenandoah National Park is visited by over one million people a year! Visitors hike, drive Skyline Drive, explore, and learn about the Park.
