Proposal Instructions:

1. Can you provide additional details on how the prospectus/proposal will be scored.

Service Response: A description of the evaluation process is described in the Commercial Services Guide, Section 5.3 Proposal Evaluation and Selection. That document can be located here: https://www.nps.gov/subjects/concessions/upload/CS-Guide-Final-Ver-3-FINAL-Updated-12-16-21_508.pdf

An Offeror’s response to each of the selection factors is evaluated and scored based on the determined merits of the response to the selection factor and in comparison to the other proposals received for the same contract. An Offeror may receive up to the full point value for each selection factor, as noted in the Proposal Instructions and Proposal Package. The Offeror with the highest cumulative point score is recommended for selection of the award of the contract, which is delegated to the Regional Director.

For this solicitation, as stated in the proposal package, the selection factors will be scored as follows:

Selection Factor	Points Available for CC-ROMO004-26
PSF1	0-5
PSF2 (2a and 2b)	0-5
PSF3	0-5
PSF4	0-5
PSF5	0-4 (in accordance with 36 C.F.R. § 51.16(a), responses receive a score of one for agreeing to the minimum franchise fee contained in the prospectus.)
Total Possible Points:	24

In response to the selection factors, an Offeror may propose commitments beyond the requirements of the Draft Contract. If the Offeror is selected, any commitment included within its proposal may be incorporated into the final contract as an “element of a better offer”. The final Contract, identifying the incorporated commitments, is provided to the successful Offeror to review before signing the Contract. (See Proposal Instructions, Section 11, parts o and p). Offerors should only propose commitments they are prepared to fulfill, should they be awarded the Contract.
