

WHAT DO RANGERS DO?

Rangers do many different types of work. All rangers help take care of parks so that people, now and in the future, can enjoy them.

Read each job description below, then draw a line to connect it with the ranger being described. Draw a star by the job that is most interesting to you.

BIOLOGIST

Make scientific discoveries. Learn about & look at animals and plants. Use microscopes, binoculars, chemistry.

PATROL RANGER

Search for and rescue people, use first aid. Hike, camp, drive 4x4 trucks.

EDUCATION RANGER

Explain park's attractions, tell stories. Design handouts, exhibits, websites.

ARCHEOLOGIST

Use clues to solve mysteries about the past. Discover very old objects (artifacts). Protect artifacts for future study & enjoyment.

MAINTENANCE RANGER

Build things from designs. Repair, paint, use tools.
