CATALOG NUMBER: MSC 005

VOLUME: 1.5 LINEAR FEET

HISTORY

This collection was created by the Yellowstone National Park Archives to house materials, which document the Park, but have either unknown provenance or a size too small to warrant individual collections. Many of the items herein were found abandoned in houses, purchased from antiques dealers, or inherited by a family member who did not know the original creator. More information about the provenance of individual items is available upon request. This collection may be added to as future donations warrant.

DESCRIPTION

Includes image (reproduction) of construction or framing crew for the Old Faithful Inn in 1902 or 1903. One worker is identified as Andrew Jackson Mason.
