

APPENDIX A: PROPOSED REPOSITORY FOR COLLECTED SPECIMENS

If you are not using the automated system supporting this report process,
please fill out this form and return it to the appropriate park.
All or some of the information you provide may become available to the public.

A principal investigator has requested permission to collect specimens for permanent retention in whole or in part and has requested that the specimens and/or material originating from such specimens be loaned by the U.S. National Park Service (NPS) to a repository that is not administered by the NPS. The principal investigator has been instructed to obtain the signature of the repository official(s) as part of the permit application. The following information should be completed and provided to the principal investigator. The principal investigator is responsible for ensuring the original signed form (or fax of the signed form) is received by the appropriate Park Research Coordinator. Each non-NPS institution proposed to receive loaned specimens or material originating from such specimens must complete this form. Note that all specimens collected and material originating from such specimens remain Federal property.

Principal Investigator		Office Phone	Office Fax	Office Email Address	
Project Title: <i>(maximum 300 characters)</i>					
Scientific description of collected specimens and/or material originating from such specimens proposed to be loaned to the non-NPS institution identified below: <i>(include taxonomic group or name, or type of material; sample size, quantity, frequency, and location)</i>
