

Chapter 4: Consultation, Coordination, and Preparers

CHAPTER 4: CONSULTATION, COORDINATION, AND PREPARERS

PROJECT SCOPING HISTORY

Public scoping comments were used to assist the park in developing a range of reasonable and feasible project alternatives that meet the purpose and need. Issues that were identified through public scoping are incorporated into the analysis of the potential environmental impacts of each alternative in the environmental impact statement (EIS). Public scoping for the project was conducted from August 31, 2011, through February 3, 2012. The National Park Service (NPS) held public open houses on August 31, September 28, and December 7, 2011 and January 25, 2012, to inform interested parties about the proposed project and to solicit comments from members of the public in order to understand the spectrum of concerns, interests, and issues that should be considered in the planning process. The park also conducted a public site visit at the Grove on October 14, 2011. Approximately 20 interested individuals attended.

Public comments also were solicited by mail, fax, email, through the Planning, Environment, and Public Comment (PEPC) system, and on comment forms that were made available during public scoping meetings.

During the public scoping period, the park received 43 letters from 41 individuals and 2 organizations. Analysis of these letters identified 126 discrete substantive comments, from which 15 general concern statements were generated. All comments, substantive and non-substantive, received during the scoping period have been duly considered and are now part of the administrative record for this project. The public scoping letters and a report summarizing comments received can be viewed electronically on the PEPC database at <http://www.parkplanning.nps.gov/mariposagrove>.

On June 27, 2012 the park held its monthly open house in Yosemite Valley and shared results of the Choosing By Advantages (CBA) workshop with the public. Design drawings and scoring for each preliminary alternative were presented, and input received led to the reconsideration of some alternatives. Continuing public involvement activities include public meetings during the Draft EIS 60-day public comment period.

AGENCY CONSULTATION

U.S. FISH AND WILDLIFE SERVICE

The Endangered Species Act of 1973, as amended (16 USC 1531 et seq.) requires all federal agencies to consult with the U.S. Fish and Wildlife Service (USFWS) to ensure that any action authorized, funded, or carried out by the agency does not jeopardize the continued existence of listed species or critical habitat. The NPS originally obtained a list of federally listed endangered and threatened species that may be present in the South Entrance area and Mariposa Grove from the USFWS on November 14, 2011 and compared this list to park records. The list was updated regularly and used as the basis for the special status species analysis in this EIS. On March 15, 2012, the park contacted the USFWS regarding the candidate species Pacific fisher and Sierra Nevada Red Frog regarding timing of possible listing under the Endangered Species Act. On May 3, 2012 the park entered into conferencing with the USFWS for this project to develop appropriate mitigation measures and discuss critical habitat, proactive habitat improvements, and possible reintroduction of the Pacific

fisher into northern Yosemite. Coordination with the USFWS will continue as environmental compliance for the Restoration of the Mariposa Grove of Giant Sequoias Project is finalized.

CALIFORNIA STATE OFFICE OF HISTORIC PRESERVATION

The cultural resources investigations and reports for the project were conducted in accordance with the Section 106 process under 36 CFR Part 800, "Protection of Historic Properties," the regulations that implement Section 106 of the National Historic Preservation Act (NHPA). Site visits were conducted with the staff of the California State Office of Historic Preservation during scoping of the project.

A letter sent by the park on September 30, 2011 initiated consultation with the State Historic Preservation Office in Sacramento regarding the proposed undertaking at the Mariposa Grove and South Entrance. On April 11, 2012, the park sent a letter requesting concurrence for a determination of ineligibility for four archeological sites in the study area. On June 26, 2012 the park sent a letter requesting concurrence on the amendment to the Mariposa Grove consensus determination of eligibility. NPS will continue to communicate with the California State Historic Preservation Officer through design and construction of the project as needed.

AMERICAN INDIAN CONSULTATION

Yosemite National Park is consulting with the seven traditionally associated American Indian tribes and groups of Yosemite National Park: the American Indian Council of Mariposa County, Inc. (aka Southern Sierra Miwuk Nation), Bishop Paiute Tribe, Bridgeport Indian Colony, Mono Lake Kutzadikaa Tribe, North Fork Rancheria of Mono Indians of California, Picayune Rancheria of the Chukchansi Indians, and the Tuolumne Band of Me-Wuk Indians. NPS initiated consultation with the seven associated tribes and groups in a letter dated October 19, 2011 (with a subsequent correction letter dated November 28, 2011). An informational meeting was held in Yosemite Valley on January 5, 2012. Members from all traditionally associated tribes and groups were invited. Members of the American Indian Council of Mariposa County, Inc. and the Tuolumne Band of Me-Wuk Indians attended. This was followed by a site visit to the Mariposa Grove on January 11, 2012. All traditionally associated tribes and groups were invited, and representatives from the American Indian Council of Mariposa County and the Tuolumne Band of Me-Wuk Indians attended. Another site visit to the Mariposa Grove took place on May 22, 2012. All traditionally associated tribes and groups were invited, and representatives from the American Indian Council of Mariposa County, the Tuolumne Band of Me-Wuk Indians, and the Picayune Rancheria of Chukchansi Indians were in attendance.

The traditionally associated American Indian tribes will receive copies of this EIS for review and comment. Consultation and partnering will continue with these American Indian tribes throughout the planning and implementation of the Restoration of the Mariposa Grove of Giant Sequoias Project.

FUTURE INFORMATION

Updated information about various aspects of the Mariposa Grove of Giant Sequoias Restoration Project will be periodically distributed via newsletters, mailings, the Yosemite National Park web site (<http://www.nps.gov/yose/parkmgmt/mgrove>), and regional and local news media. Printed copies of the EIS will be distributed to selected public libraries.

There will be a 60-day public comment period on this Draft EIS.

Readers are encouraged to submit comments electronically through the PEPC system. A link to PEPC can be found on the project web site at <http://www.parkplanning.nps.gov/mariposagrove>.

Written comments regarding this document should be directed to:

Superintendent, Yosemite National Park

LIST OF AGENCIES, ORGANIZATIONS, AND BUSINESSES RECEIVING THE RESTORATION OF THE MARIPOSA GROVE OF GIANT SEQUOIAS DRAFT ENVIRONMENTAL IMPACT STATEMENT

The following pages list the agencies, organizations, and businesses who received a CD of the *Draft EIS*.

U.S. Government

Legislature

Members of Congress

Federal Agencies

Advisory Council on Historic Preservation
U.S. Department of Agriculture, Forest Service

Sierra National Forest

U.S. Department of Defense

Army Corps of Engineers, Regulatory Board

U. S. Department of the Interior

Fish and Wildlife Service, Sacramento Regional Office

National Park Service

Pacific West Regional Office

U.S. Department of Justice

U.S. Environmental Protection Agency, San Francisco Regional Office

American Indian Tribes and Groups

American Indian Council, Mariposa County

Bishop Paiute Indian Council

Bridgeport Paiute Indian Colony

Picayune Rancheria of the Chukchansi Indians

Mono Lake Kutzadika'a Paiute Indian Community

North Fork Mono Indian Museum

North Fork Rancheria of Mono Indians of California

Tuolumne Band of Me-Wuk Indians

Tuolumne Mewuk Rancheria

Western Mono Tribal Government

California State Government

State Agencies and Organizations

California Department of Fish and Game
Region #4

California Department of Transportation

California Office of Historic Preservation

California Regional Water Quality Control Board #5F (Central Valley)

County and Local Governments

Fish Camp

Advisory Council

Property Owners Association

Madera County

Board of Supervisors

Planning Department

Mariposa County

Board of Supervisors

Planning Department

El Portal Town Planning Advisory Committee

Wawona Town Planning Advisory Committee

Merced County

Board of Supervisors

Planning Department

Visitor Bureaus

Bass Lake Chamber of Commerce, Bass Lake

Coarsegold Chamber of Commerce,

Coarsegold

Mariposa County Visitors Center (Chamber of Commerce), Mariposa

Merced Visitor Services / California

Welcome Center, Merced

North Fork Chamber of Commerce, North Fork
