

Stock Site Evaluation Project Glen Aulin

Yosemite National Park
California

National Park Service
U.S. Department of the Interior

Forage Area: Glen Aulin West (2900) and Glen Aulin East (2899) - The forage area for this site has not been investigated, though it is suspected that there is very limited understory forage in this area. Two meadows are visible the aerial photography.

Annual Grazing Capacity: 60 stock use nights

Glen Aulin

Camp ID: 32

Fire Ring: 271,953mE x 4,227,235mN

Handling Practices: This site is located approximately 0.4 mile northwest of the Glen Aulin High Sierra Camp. It is approximately 60 m east of a granite bedrock outcrop that crosses the NPS system trail. There is not a delineated access route, but the site is north of the trail. The unloading area and holding area are at the fire ring.
